BAITMORE, Sopt. 11, 1851.

Mesers. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could soarcely get home. I making mention of my case to a friend, he referred me to Joseph R. Stapleton, esq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a falling state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was reasoned, and I can woulk as brisk and am as active as I was twenty years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is fepresented to be by Dr. Hampton, the inventor.

PORTSHOUTE, (Va.,) Aug. 18, 1851.

Mr. J. E. Bouzh—Dear Sir: While I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

Notwithstanding the scurrilous remarks made by a certain vender of the Chickering Planos, that "the instruments made by Hallett, Davis & Co., are worthless, perfect humbugs," &c., we can only say that we do not offer the public any but what are the genuine H., D. & Co.'s; and competent persons, honest, without prejudice, have pronounced them equal, if not superior, to any heretofore offered in this city, and at a saving of one hundred and fifty dollars! Whatever humbug there may be elsewhere, there dollars! Whatever humbug there may be elsewhere, there is none here; and, on behalf of the manufacturers, we challenge competition, and request the public to examine, judge, and decide for themselves. The widely-celebrated Professor of Surgery in the Medical College, New York city, says: "It gives me pleasure to certify the value and efficacy of Ayer's Cherry Pectoral," which I consider peculiarly adapted o cure diseases of the Throat and Lungs."

**Cures of severe diseases upon the Lungs have been effected by CHERRY PECTORAL in such extreme cases as warrant the belief that a remedy has at length been found that can be depended on to cure the Coughs, Colds, and Consumption which carry from our midst thousands every year. It is indeed a medicine to which the afflicted can look with confidence for relief, and they should not fail to avail themselves of it.

DEAUTIFUL, NEW, and Choice Property at Auction.—On Monday, the 24th inst., I shall sell, at 6 o'clock p. m., on the premises, a beautiful new six-story Brick Residence, situated on part of Lot No. 8, in Square No. 686, fronting 23 feet on North Capitol atreet, midway between the Capitol and new Radiroad Depot, immediately opposite Gen. Washington's house, now occupied by Com. Wilkes. The above-described house is just finished, and no expense has been spared to make it of the most substantial kind. It has treble window frames front and back from top to bottom, and the best French thick-plate glass in the whole entire front, and a large portion of the back with Gothic east-iron windows. Many of the rooms are large and lofty, from 19 by 6 to 34 by 6, and less. In front there is a 12-foot projecting porch, which can be ornamented by a railing, or continuous porch or balustrade. The building is surmounted with an observatory 14 by 22 feet, from which a fine view may be had of Fort Washington, Mount Vernon, and A exandria; also, the Upper Falls and surrounding District; the view is considered much better than that from the dome of the United States Capitol. The carpenters' work was completed by Morsell, the best builder in this section of country. This location is in the centre of the city, and the most open, airy, convenient, and desirable of any portion of Washington.

After which will be sold the adjoining part of the Lot, about 27 feet front, on North Capitol street.

The sale will close by the sale of two Lots of 30 feet, which front on New Jersey avenue, in Square No. 630, immediately adjoining, on the north side of the Railroad Depot. This location—for hotels, stores, and other establishments—affords better openings for a business community than is at present known in the country, as there is now no city railroad depot in the world but has buildings, stores, boarding-houses, and hotels near to their place for the accumodation of the public, except in this city of Washington, where is
